The screenshot displays the IBM Transformation Developer interface. On the left, a project tree shows the 'Target Document Type Definition' folder. The main workspace is divided into two panes: 'Document Transform Definition' and 'Source Document Type Definition'. The 'Document Transform Definition' pane shows an 'ITEM' element with attributes 'NAME', 'PREFIX', 'TITLE', and 'DESCRIPTION'. The 'Source Document Type Definition' pane shows an 'ITEM' element with attributes 'LOCAL' and 'NAME'. Below the panes, a 'Map this to' dialog is open, showing 'ITEM' selected from the 'Selected Element' list. The dialog includes a text area with instructions on how to map the element and a 'Map this to' button.
